

Join Us for a Field Demonstration

CHARLOTTE
WATER

Soil Amendment **Class A Biosolids**

Charlotte Water is exploring how agricultural, forestry and related businesses in the region could benefit from new, highly treated biosolids soil amendments.

Called Class A biosolids, these products may supplement Charlotte Water's existing Class B biosolids in the future.

Please Join Us!

WHERE A.L. Baucom Farms, 9150 Morgan Mill Road, Monroe, NC
Look for Charlotte Water directional signs to the demonstration field.

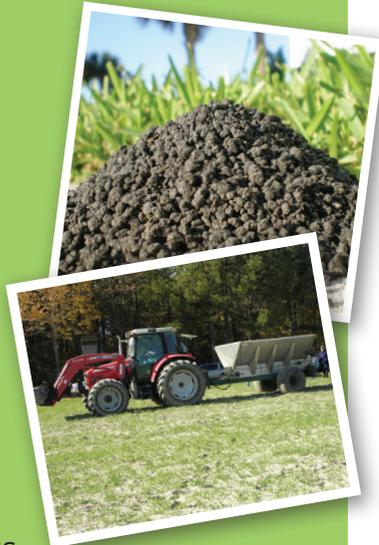

WHEN October 25, 2016, 3 p.m. – 6 p.m.
October 26, 2016, 8 a.m. – 11 a.m.
Refreshments will be provided.

WHAT

- See spreading equipment and Class A biosolids products
- Spreading demonstrations of Class A cake and pellet products
- Talk with Charlotte Water and biosolids experts

WHY Charlotte Water wants to share information and listen to farmers' interests in these products.
